3 Registered, high-security image

Ensure peak performance

The SP75 card printer features Datacard® proprietary print ribbons, topcoats and laminates, designed specifically for the SP75 card printer and featuring our patented radio frequency (RF) technology. When the card printer recognizes that Datacard® Certified Supplies are installed, all enhanced product features are enabled and successful card printing and lamination can begin. The SP75 card printer requires Datacard Certified Supplies with RFID tags. Datacard Group is your exclusive source for proprietary ribbons, topcoats and laminates for the SP75 card printer.

Your best choice for supplies

Protect your investment in Datacard solutions by only using Datacard Certified Supplies. You can count on Datacard Group for all of your supplies needs. We engineer superior performance and reliability into every system-matched supply item we offer. For you, that means smooth printing, brilliant image quality, high security and exceptional performance. Worldwide representation creates a fast, direct connection with the supplies and support you need, when and where you need them. To ensure you are using Datacard Certified Supplies, look for ribbons that feature our distinctive *blue* cores with platinum flecks®.
