

# DATACARD® TRUCREDENTIAL™ ENTERPRISE SOFTWARE

## YOUR PROGRAM, YOUR CHOICE

The Datacard® TruCredential™ Suite offers an edition that's just right for you — whether you're just starting a credential issuance program or need to grow your current capabilities.

### Basic, secure ID card issuance

- *TruCredential Express software:* Basic photo capture and data import, credential designer, and drag-and-drop workflows for a single-user environment.
- *TruCredential Plus software:* Signature capture, DSLR camera support, report capabilities, composite field support and SQL server support.

### High-assurance credential issuance

- *TruCredential Professional software:* Smart card support, decentralized data capture, centralized data management, Microsoft Active Directory integration support, Oracle database support and document scan capture support.
- *TruCredential Enterprise software:* Additional PACS and access control system integration support, PeopleSoft HR system integration support and higher scalability up to hundreds of user stations.

## A True Enterprise Solution for Streamlining Your Enrollment, Issuance and Data Management

Streamline your enterprise enrollment, issuance and data management using the scalable TruCredential Software, Enterprise edition. Centrally manage your enterprise data and users with security and audit trail. Leverage pre-built integration with LDAP and HR system technologies to access records from TruCredential software to issue credentials. Capable of accommodating hundreds of users, this software allows you to capture and manage data including photo and signature from hundreds of workstations with security and audit trail.

**Centralized Data Management.** Capture data including photo and signature from distributed workstations, securely send data to central server and centrally manage the data and configurations. Install and configure client workstations quickly and restrict user access using the role-based access control mechanism.

**Enterprise Technologies Integration.** With pre-built integration with leading HR system and LDAP technology, you can access your HR system or LDAP records from TruCredential user interface and print cards. Establish secure connection between TruCredential and the enterprise technologies along with user activities audit trail. With pre-built integration with leading access control technologies, you can send data and commands to access control system directly from TruCredential.

**Centralized User Management.** Create and manage application users and groups to meet your organization's needs. Grant user access to application using the role-based access control mechanism. Allow application users to reset their password using self-service.

**Flexible Reporting.** Design reports using custom layout, header, footer, and data fields. Create and run reports. Export report output into PDF format.

## **Build a complete card issuance solution.**

Datacard® TruCredential™ Suite works with Datacard® printers, supplies and global services to give you a complete ID issuance solution that delivers exceptional results.

## **SYSTEM REQUIREMENTS**

**Operating system:** Microsoft Windows 7 / 8.1 (32-bit or 64-bit)

**Web browser:** Chrome, Internet Explorer v10 or v11

**Memory:** 4 GB (8GB recommended)

**Hard Drive:** 1 GB of computer drive space

**Screen Resolution:** 1360 x 768

## **TRUCREDENTIAL SUITE STANDARD FEATURES**

### **Credential Design**

- Front and back card design, pre-designed card templates
- Variable/static text field, photo graph field, variable/static graphic field, date field
- QR code, magnetic stripe code, bar code support

### **Workflow**

- Text field, static text field, static graphic field, date field, print count field
- Auto-sequence field, check box field, list field
- Text field mask, field option – read only, hidden, mandatory, searchable

### **Database & Data Import**

- Import data from ASCII file
- Text field, Static text field, Static graphic field, date field, print count field

### **Photo Capture**

- File input, TWAIN, Microsoft Video for Windows

### **Languages Support**

- English, French, German, Japanese, Portuguese (Brazilian), Simplified Chinese, Spanish
- Localization utility for other languages

**Corporate Headquarters**
